

Department of Historic Resources Consultants Directory

This consultants directory is provided by the Department of Historic Resources as a service to property owners, local governments, and state and federal sponsors in Virginia seeking the professional assistance of consultants with expertise in historic preservation. This directory does not presume to be all inclusive; however, all consultants who request inclusion will be listed.

The inclusion of a consultant in this directory is not an endorsement by the department or a demonstration of professional competence. As a government agency, the department cannot recommend the services of an individual consultant and does not accept responsibility for the performance of any consultant. **This is not an "approved" list.**

Firms are listed in the following categories:

- Architectural History
- Architecture
- Crafts and/or special skills and services
- Easement Appraisals
- Historic Archaeology
- Historic Architecture
- Historic Research
- National Register Nomination Preparation
- Plaque Suppliers
- Prehistoric Archaeology
- Tax Credit Application Preparation

For six of the professional disciplines – architectural history, architecture, historic archaeology, historic architecture, historians (historic research), and architectural historians – there exists National Park Service *Secretary of the Interior's Standards* designed to guide users toward qualified professionals. You are strongly encouraged to consider these standards when selecting a consultant. The standards can be viewed on the NPS web site at: http://www.cr.nps.gov/local-law/arch_stnds_9.htm

Companies or individuals who would like to be included in this directory should contact Jean McRae at (804) 367-2323, ext. 102 or e-mail jean.mcrae@dhr.virginia.gov.

Rev. 8/21/2006

Detailed information for firms listed begins on page 9.
